

Poor little fellow! He coughs so hard he cannot sleep. That makes him weak and sickly all the next day. His brother thinks this coughing is terrible. So do we, for we know that just a few doses of

Ayer's Cherry Pectoral will stop the cough. For sixty years it has been the standard remedy with men, women, and children for colds, coughs, and all throat and lung diseases. It contains no narcotic or poison of any kind. Be sure that you get Ayer's Cherry Pectoral. Accept no cheap and worthless substitute.

WOMAN TERRORIST HANGED.

MOSCOW, Dec. 29.—The woman who on December 4 made an unsuccessful attempt to kill Lieutenant General Gerssheimann, Governor General of Moscow, by means of a bomb, was executed here this morning.

She refused to partake of the Church sacraments and went to her death with undaunted courage. On the scaffold she said to her executioners: "We will soon stop your hangings."

SPORTS

When Lewis, Angus McPherson and Johnny Winick leave today on the steamer to make all the necessary arrangements for the Wild West show which will be given at Hilo on February 1. They will make a visit to all the ranches on the big island, and expect to have many more entrants in the show than there were here. Winick and McPherson are in much better condition than they were at the time of the show here, and McPherson is going to try very hard and lower his account record. The show will be given the same as here, with possibly a few new features added.

The lodging of the poultry that have been entered in the third annual poultry show which opens tomorrow in the drill shed will commence today at one o'clock, and by the time that the doors are open to the public tomorrow the finest collection of birds that have ever been seen in the Territory will be on view. G. L. Andrews who will act as judge for the show arrived this morning on the China, and will be on hand this afternoon.

Around the island trips with lunch on at Hialewa seem to be getting quite the thing, and on Sunday several well known motorists made the trip among them being J. P. Cooke, Paul Isenberg, N. S. Riley, George Cooke, Harry Baldwin and Judge Kingsbury. All report the roads in very good condition. N. S. Riley who is down here with a Studebaker touring car had quite a party of friends with him, and his surf riding experience at Hanalei beach was one that perhaps will come quite popular although in the future parties had better that everything is O. K. before they try surf riding in that particular spot.

If the necessary permission can be secured, the Chinese A. C. and the Kasia A. C. will play next Sunday at the league grounds for the benefit of the yacht fund. The game was to have been played last Sunday but the officers of the Kalamian league failed to declare it a championship game. However it was passed on last night at a meeting held at the league rooms. The trustees of the Honolulu baseball league have not yet been asked regarding the game Sunday, but the desired permission will probably be granted today. The players will receive 15 per cent while the yacht fund will take the other 85 per cent. Thirty-five cents will be charged for reserved seats in the grand stand, while fifteen cents will entitle any one to sit in either bleachers.

The next tournament for the White Rock Cup will be held next Sunday on the course of the Honolulu Golf Club at Moanalua. In the two years and a half that the cup has been played for, no player has been able to win more than once, and the many players who will take part on Sunday and who have won one leg on the coveted trophy will do their best to win again Sunday. According to the deed of gift a player is obliged to win it three times before it becomes his personal property. The entries for the tournament will close on Friday noon at E. O. Hall & Sons. The play will start promptly at 10 o'clock Sunday.

UNCLE JOE CANNON Foe of Temperance

SPEAKER DENOUNCED AMID APPLAUSE BY HEAD OF THE ANTI-SALOON LEAGUE.

PHILADELPHIA, December 17.—"Uncle Joe" Cannon (Speaker of the House of Representatives), was roughly handled yesterday in addresses delivered by the Rev. Dr. W. H. Baker, superintendent of the National Anti-Saloon League, before the Methodists and Presbyterian Ministerial Associations. The ministers expressed their approval by applauding the speaker. Their good opinion of "Uncle Joe" has fallen below par since he came out in favor of the army canteen.

"In Washington there is one man who has the distinction of being the greatest obstacle to the cause of temperance," Doctor Baker told the ministers. "His name is Cannon—Joseph Cannon. It is a national disgrace that this man who stands against the moral uplift of the nation should be second in power among our officials. You know Cannon. He is the most thick-skinned, obstinate exponent of stand-patism in the country."

Doctor Baker then told him Cannon had explained his position at a meeting in Chicago, when, believing there were no reporters in the hall, he launched into a speech advocating the restoration of the army canteen.

"He did not know that a newspaper representative was present and that his words favoring the repeal of the anti-canteen law would be spread broadcast," continued the speaker. "But, in spite of the attitude of Cannon I appeal to you to work for State and Federal legislation that will put Penn-

FLEET VIEWS BY THE JAPANESE

PROMINENT MEN OF NIPOON WELCOME THE CRUISE OF THE AMERICAN NAVY

TOKIO, Dec. 19.—Reports of hostile feeling among the Japanese toward the United States as the result of the Atlantic battleship fleet being sent to the Pacific were discredited today when leading statesmen, naval officers and editors made plain their opinions on the matter. These expressions were as follows:

Foreign Minister Hayashi.—"Japan will heartily welcome the American fleet of battleships to the Pacific and to the ports of this country if it be decided to extend the trip in this direction."

"Japan views in the friendliest manner any action America may within the scope of wisdom see fit to take in the disposition of its naval forces, because Japanese people have absolute confidence in the friendly attitude of the statesmen and great mass of the people."

Admiral Togo—"I am very glad that the fleet has started for the Pacific. If I am correctly informed, it is expected on this side in April or May next. If it should ultimately touch on our shores we will greet them as friends and give them the warmest reception."

Minister of the Navy Salto—"I know Admiral Evans well, and I certainly hope that he will bring his ships on this side and give us a chance to show our appreciation of his good qualities."

Prince Ito—"America has always been a helpful friend to Japan, and the Japanese are staunch admirers of President Roosevelt. I have always maintained that talk of war between Japan and America is unseemable and unthinkable."

Privy Counciler Kaneko—"Early in 1892 when I saw ex-President Cleveland at Gray Gables I ventured to point out to him what is now occurring. I then said that the Atlantic side of the United States had realized such conditions of development that left little for further exploration, while the Pacific was extending an immense field for commercial interests, and that eventually American energy must be directed toward that goal. Commercial interests once developed, the natural consequence is that wars will follow the commercial carriers."

"Moreover, the center of diplomacy having shifted to Asia, it is of predominant importance that the peace of the Pacific should be well guarded and insured. An increase of armament in the Pacific can only mean a considerable addition to the insurance of tranquility. Japan and the United States have a joint responsibility in maintaining peace on the Pacific."

Count Okuma—"The coming of a Pacific fleet will tend to forward the civilization of the world and increase the friendliness of our two nations. The influence of America and Japan in the Far East should be enormous and paramount."

Premier Katsura—"Possibly the dispatch of the fleet is intended as a move toward naval extension or it may have something to do with internal politics. I certainly entertain no fear that it is directed against the Japanese, but for the purpose of strengthening the Republican party in the coming campaign."

Mr. Mindara, proprietor of Hochi, the leading Opposition paper—"The coming of the fleet is quite in the natural order to keep the naval force in training and in the best of trim. It is undoubtedly a great undertaking which should prove signally beneficial. I desire to say that the coming of the fleet has caused no excitement here."

Mr. Ikkei, chief editor of the Asahi—"The motive of the dispatch of the fleet is clearly and indisputably stated in President Roosevelt's Message, which leaves no room for a suggestion of an ulterior motive or to raise a suspicion of the good faith of America toward Japan. The use of the powerful American navy for the protection of American interests is exactly what might be expected of any country possessed of sufficient armament."

REPAIRING THE PHELPS.

Repairs on the American windjammer Erskine M. Phelps which put into San Francisco looking, en route from Seattle to Kahului, will cost nearly \$5,000. The work includes fitting a new steel bulkhead aft and repairing seven broken frames. While lying at the dock in Seattle she was twice run into by the same steamer but no leak was noticed until the heavy weather off Flatery.

Pennsylvania and the country on the right side in the liquor question. It is a disgrace that the people of this great State are denied the right of saying by ballot whether they want local option or not. I pity such a condition, such helplessness. But I can say that a growing sentiment in your state favors home rule on the liquor question. The time will come when Pennsylvania will not be behind Arizona, New Mexico and Utah.

"Since January 8,000,000 people have abolished the saloon in their states. Pennsylvania must get into line. Good men are needed in this state just now more than they are needed in heaven."

ADDITION TO THE MAERTENS LOT

AGREEMENT WHEREBY SIZE OF LOT FOR THE HIGH SCHOOL IS INCREASED

Arrangements were made yesterday by Superintendent Habbit of the Department of Public Instruction and Acting Governor Mott-Smith with Cecil Brown, by which the School department will secure an addition to the Maertens property for the new High School building, of the property now occupied by the Agricultural College temporarily. While the arrangements are in a way tentative, they provide for the Territory's securing the additional property, in exchange for other government land of like value. It will make possible the locating of the new building further back on the Maertens lot, one corner extending on the Brown property, making a much more systematic setting than otherwise would be possible, besides giving room for a larger and much desired playground around the building. Work on the new building will be started as soon as the contractor can get his materials together.

SUPPOSED MIRACLE EXPLAINED.

NANCY, France, Dec. 19.—The diocesan authorities have investigated the alleged miracle reported to have occurred in the village church at Brin recently, and found it to have been an optical illusion caused by the reflection of a church image upon the sacred water as the candles moved.

SPECIAL TRAIN FOR THE WHITE SOX

IF ALL GOES WELL, COMISKEY WILL CARRY HIS TEAM IN PALLADIUM QUARTERS.

CHICAGO, Ill., Dec. 21.—If a deal Comiskey has on with a certain railroad goes through the White Sox will leave here for the Pacific coast February 29 in the finest style a ball team ever knew. "Commy" set a record last spring when he took his world's champions to the City of Mexico, his party including more than fifty people. But the proposed trip to Los Angeles will beat that jaunt to a whisper.

More than one hundred people will be the "Old Roman's" guests on this trans-continental haul, and they will be carried in a special train. The master of the Sox says there won't be any trip at all to the Golden State unless a special train can be secured. Two or three railroads are submitting propositions every day or so, and the first one that will guarantee a special train with swell enough accommodations will get a big contract.

Teams on the coast are naturally anxious to entertain the White Sox, and a few dates at Los Angeles and San Francisco have been tentatively arranged, but they will be cancelled unless the special train is secured.

In the party will be not only the players and their families, club officials and newspaper representatives, but as many of the White Sox Rooters' Association as are able to get away for the trip. The stay in California, will be limited, of course, as the "Sox" are due to reach New Or-

APPROVED

The accounts of George A. Davis, United States Commissioner, and of U. S. Marshal Hendry were yesterday approved by Judge Dole.

Leans March 16 to begin their week's stand on the Crescent City grounds, playing practice games with the Pelicans. When the team departs by the Southern route for New Orleans the rooters will cut away from the baseball party and return to Chicago.

One of Comiskey's reasons for selecting California as the training ground is to interest his players in the junket and make them anxious to go instead of trying to duck the preliminary practice stunts. Most big league players have gone over all the Southern territory so many times they are sick of it and their boss expects them to put more life into the practice season if the California novelty is given it.

The failure of the American League magnates to pull off any trades of importance was a disappointment, as several of them came to the meeting last week at the Annex with high hopes of tracking an advantageous swap or two.

REFUSED GOLD COIN.

PITTSBURGH, Dec. 25.—"If the brethren have no objection I would rather not take these five double eagles. They are new money and very pretty, but they lack the sacred motto which my mother taught me to look for on all our country's coins."

With this little speech the Rev. W. A. Jones, pastor of the Knoxville Presbyterian Church on the South Side tonight turned back to the donors \$100 of a \$220 purse his congregation had given him as a Christmas present.

The purse was made up in gold and the five objectionable \$20 pieces happened to be of the new issue which does not bear the "In God We Trust" motto.

WORTHLESS AND UNJUST.

After consuming three days time in trial, Judge De Bolt yesterday afternoon granted the divorce prayed for by Healani Leialoha from Samuel Leialoha, together with 50 cents per day alimony for support of her infant. Judge De Bolt in making his decision severely arraigned the defendant, who he characterized as worthless and unfit to be either a husband or a father. The court also suggested the need of legislation to prevent the marriage of persons before having reached the age of discretion. Judge Perry, attorney for Leialoha objected to the grilling which his client received from the court on the grounds that even if he be true, it did not effect the law in the case.

WRECKED LAWSON BREAKS UP.

HUGHTOWN, December 17.—The wreck of the American schooner Thomas W. Lawson which capsized Friday December 13, in Broad Sound, Sicily Islands with the loss of 15 out of her crew of 18 men, broke adrift from the rocks holding it today and sank.

The schooner had parted in the mid-

dle and was in two pieces.
